

JOZEF KAPUSTKA

*Improvisations with Bashir*

Bashir Faramarzi, santur (Iran)  
Pedrâm Khâvarzamini, tonbak (Iran)  
Jozef Kapustka, fortepian (Polska)

In this remarkable recording **Jozef Kapustka** explores non-Western classical sensitivities, venturing in collaboration with Iranian virtuosi **Bashir Faramarzi** and **Pedrâm Khâvarzamini** outside his usual pianistic territory to deliver a fascinating blend of East and West.

Rich, diversified tonal palette, polyphonic and polyrhythmic structures, impeccable technique, idiomatic classical means of expression and instrumental treatment as well as general refinement indicate a complete mastery of the piano, Santur and Tonbak in the best of respective Western and Eastern classical, "learned" traditions.
